

## **ICC certified Fire Plans Examiner or Fire Protection Engineer**

Interwest Consulting Group was founded in 2002 and has become a leader in providing municipal services to cities and counties throughout the Western United States. We currently have over 400 employees specializing in building safety, municipal engineering, information technology, geographic information systems and city planning.

We are seeking an **ICC certified Fire Plans Examiner** or **Fire Protection Engineer** with in-depth knowledge of California Fire Code/International Fire Code, Fire Sprinkler, Fire Alarm Standards and the California Building Code/International Building Code. We are seeking individuals with a minimum five years of experience. This is an exceptional opportunity to become a key member of our highly qualified, collaborative, and motivated fire protection team. Please state your preferred location when submitting your resume.

### **Duties and responsibilities include but are not limited to the following:**

- Review fire protection plans and related documents for compliance with California Building Codes, California Fire Codes, policies and jurisdiction requirements for commercial, industrial and residential buildings.
- Projects include new residential buildings, new commercial buildings, and remodel projects.
- Assist designers and contractors by providing information and interpretations of applicable codes and regulations in order to assist with achieving compliance.
- Work directly with municipal Clients to answer questions and make recommendations regarding resolution of conflicts with project designs.
- Responsible for preparing written correction letters and maintaining and updating records and database information.
- Work with fire and building inspectors to resolve field related code issues and coordinate activities with other municipal departments as directed. Field inspection/testing may also be required.

### **Required Certification or Education**

- Current ICC Certification as a Fire Plans Examiner
- BS in Fire Protection Engineering or Fire Protection Engineering Technology (Licensed as a Professional Engineer in Fire Protection preferred)
- BS in Civil/Mechanical/Electrical Engineering with direct experience in the Fire Protection Industry (Licensed as a Professional Engineer preferred)

### **Interwest offers highly competitive salaries and a generous benefits package to which include:**

- Medical Insurance
- Dental Insurance
- Vision Insurance
- Employer Paid Life Insurance
- Long Term Disability
- 401(k) Retirement Plan
- Paid Holidays
- Generous Paid Time Off
