Noon	Meeting and Lunch
12:30pm	Key Note Presentation
1:30pm	Conclusion of Meeting

Alternative to Structural Spray Applied Fire Proofing

This presentation will provide an overview of alternatives to structural spray applied fire proofing.

Nathan B. Wittasek, PE, CFEI, LEED AP, CASp
Simpson Gumpertz & Heger, Inc.

Nate has over twenty years of experience working in the fire protection and regulatory arenas. He is a Principal and Vice President at Simpson Gumpertz & Heger, Inc. He brings a practical approach to the fire protection engineering field that reflects his diverse training and experience in academia, codes consulting for both new and existing facilities, performance-based fire protection engineering, accessibility, and the fire service. His experience includes failure analysis, fire engineering, systems design and building code consulting for commercial and infrastructure projects in North America, Europe, Asia and the Middle East. Nate has specialized in fire life safety systems and approaches that are used in assembly venues, tall buildings, cultural heritage facilities, and historic structures. He was responsible for preparing the Rational Analysis for the Wilshire Grand project. He is a registered fire protection engineer in California and Nevada.
